Miriam Bunner presented the 2021-2022 Budget. See attached Budget Doc

- ~ AVP Indiana uses the Cash Account Method for its accounting
- ~ recommendation made to use the Accrual Method that follows the calendar year as this is better for creating business reports (though one advantage of the current method is that by the Annual Gathering there is 6 months of data to guide decisions for the remainder of the year)
- ~ income reflected the negative impact of the pandemic, though expenses were low due to few workshops hosted
- ~ unknown \$200 disbursement was identified as the honorarium given to AVP NJ for their Mini

This Budget was approved by all in attendance.

Aaron thanked Miriam and Archer for their steady fundraising and asked how to support future efforts. Archer shared that reaching out to friends and family for donations had been a tried and true way so far.
